Schutterslaan 7 • 3670 Oudsbergen • Belgium

An international trademark for silos and bulk storage since 1964

Fabrication of more than 300 silos every year

Size doesn't matter

- Capacity of 1 m³ to 7000 m³
- Diameters from 0,5 m to 20 m
- Weight from 100 kg/silo to 600 ton/silo

Industries:

- Petrochemical industry (PP, PE, PVC, PET,...)
- Food Industry
- Organic waste (bio-energy) industry
- Cement industry
- ...

Quality assurance:

- ISO 9001 certificate
- ASME U, U2 & U3 stamp
- China stamp
- Internal QA department
- Certified welders & weld engineers
- ...

Services:

- 2D & 3D engineering
- Testing of flow properties of bulk solids
- Static design
- Site assembling
- Pickling & passivating
- Sandblasting / Painting
- PWHT
- Transport company
